

HERE FOR CHALLENGES. NEVER BORED AGAIN.

Everything is possible. Whether professionals or specialists onshore or offshore. At convent you will find your suitable job for sure! Your operation will be in great demand in challenging projects for well-known players within the wind industry and industrial sector, in the assembling and in the service.

The job. You will work either onshore or offshore. This can be in the following working areas: installation, maintenance, assembling.

Working life.

Onshore: You will be on the site several weeks (around 3–6 weeks).

Offshore: You will work 14 days and you will have 14 days off.

Be an expert now.

» **Benefits included.**

With over 20 years of experience we are aware of what matters: challenging projects, fair payment starting at 14 €/h plus allowances, anniversary's premium, and an appreciated cooperation.

» **Yes to safety.**

With individual trainings, which will be organised by us you will be perfectly prepared. At convent your personal hightech-equipment is inclusive and more than only standard. Working clothes, tool kit, special equipment – we will provide you for your best performance.

» **Cooperation together.**

Additionally, we will organise each and every operation of you. Starting from the arrival in Germany or all other locations until the arrangement of your accomodation.

We care for you!
